

Accidental Injury Cover

Unfortunately, things in life sometimes happen when we least expect them - pets can have an accident leaving you facing an unexpected veterinary bill. For only **£2.25** per pet per month, you can include Accidental Injury Cover. This provides cover for the cost of treating accidental injuries up to **£2,500** per incident, subject to an excess of **£75**. Examples of accidental traumas may be a fractured leg following a collision with a car or ingestion of a poison or foreign body. Total claims in any 12-month period may not exceed **£5,000**. The cover is for treatment by our practice, however, in an emergency cover is extended to any UK veterinary practice. Please ask our reception team for further details of cover. Terms and Conditions apply – further details of cover are available from the practice.

Extended Payment Scheme

For any treatment over **£200**, pet owners may have the facility to spread the payment over 4 months. Please note no discount is available if the Extended Payment Scheme is utilised. A deposit will be required. Use of the Extended Payment Scheme is at the discretion of the Principal and subject to Terms and Conditions.
